Target version:			
Description			
How can I build server that uses C++ libraries? I need to use g++, but can't specify it for buildserver script.			

History

#1 - 03/23/2017 01:22 PM - Madars

- Status changed from New to In Progress
- Assignee set to Madars

#2 - 03/23/2017 01:39 PM - Madars

- % Done changed from 0 to 50

Updated in master, please test.

The compiler now is selected by \$CC env variable, if not present then cc command is used. Changed builserver & buildclient.

#3 - 03/23/2017 03:45 PM - Madars

- Status changed from In Progress to Closed
- % Done changed from 50 to 100
