Release notes

1) Fixed header handling in Enduro/X Connect **restincl** binary working in **conv=ext** and **parseheaders=true** mode.
Header values are now correctly parsed in EX_IF_REQHV values, without extra "[]" square brackets over the data.

2) Another fix applied to Enduro/X Go package, the module function TypedUbf.BNext() was broken.

Available from Enduro/X Connect 8.0.4+, Enduro/X Go 8.0.2+. Dependency on Enduro/X Core 8.0.6.

#2 - 03/07/2023 01:28 AM - Madars

- Status changed from New to Resolved

- % Done changed from 0 to 100
