| Target version: | | | |
| Description | | | |
| In case if "status_svc" configuration parameter is used, at normal system shutdown, tcpgatesv is reported in ULOG as dead, however, it terminates normally. This is a cosmetic defect. | | | |

History

#1 - 04/04/2024 12:11 AM - Madars

Release notes

Fixed cosmetic defect in **tcpgatesv** binary, so that at normal shutdown previously in ULOG error message was printed that **tcpgatesv** died. This is now fixed.

Such a message was present in cases if the **status_svc** setting was used in confirmation.

Available from Enduro/X Connect releases 2.5.4+, 8.0.6+.

#2 - 04/04/2024 12:12 AM - Madars

- Status changed from New to Resolved

- % Done changed from 0 to 100
